## ENLIGHTENMENT

*by Tara*

### REFLECTIONS...

Imagine this: a reflection comes to life...looks back, trying to see where it came from, who and what it is.  
Who it really is . . . Where it came from . . . God.

Now look out at the world: humanity, your body,  
your life, as though *you* were God,  
looking at your dream reflection.

And that's . . . just how it is.
