THE BEST GAME IN TOWN

(But not the only dream)

Segment 13

So we see, all the preceding may well be a bewitchment, as much an illusion as that of the sleeping/ ignorant, living their learned fairy tales. And that no matter how far reaching the paradigm of reality, though it cover the cosmos, and lifetimes, being eons of time in scope, at bottom - *it's still some dreamer's tale* – a god's perhaps? Maybe one should call it the 'Cosmology Chapter' of 'The World Dream', for that's what it is. The bare truth is, wherever, there's a thinking, acting 'I' existing in its story, believing its true . . . it's the dream.

It is often said of Enlightenment:

~There is no one there to claim it or be it, and the one who claims it has not known it. ~

Everyone is dreaming their dream. Most everyone thinks it's real. Truth is, the only 'real' is 'The One' prior to it all; the Cosmic Watcher, the Dream Maker, behind the Great Dream, all the Great Dearms and the dreamers. Only That, which is . . . beyond

mind . . . beyond all concepts . . . beyond all thought (the origins of dreaming) is awake and 'Real'. One realizes this when . . . the thinking (dreaming) conceptual self one knew as oneself . . . *has disappeared* . . . into That Real . . . and there remains only, the immortal Infinite Intelligence Beingness commonly known as . . . GOD.

~ *"No one can see God and live."*~

I AM is about as 'Real' as you can get and yet live a life.

So to recapitulate: everything of the world, including the whole cosmos, everything of which the mind can conceive, is a dream; and to awaken from the dream is to be 'Awake'. And to go beyond mind and learn the truth of Self and Life and GOD, is to be to some degree, 'Enlightened' Umm, what then?
