ENLIGHTENMENT

by Tara

ENLIGHTENED IN ETERNITY

Life flows in rolling waves - over this vast silent deep.

Events a noisy surf - the play of sand and sea,

Earth, air, and water creatures - of endless variety.

The crests of waves skimming - few dives the depths of me.

As years ebb and flow - rise and fall's a certainty.

I watch, wait, blissfully contemplate

And . . . it dissolves back into me.
