ENLIGHTENMENT

*by Tara*

NIRVANA IN THE GARDEN

As peace so tangible it feels fairly of . . . *flowers*,  
...Warm summery breezes blowing,  
...White clouds billowing  
About a body warmly, softly glowing.  
Is heard; as the silence speaking,  
Softly, gently sweeping and,  
Swirling, all around  
In a waft of evening blooming jasmine  
. . . Indian memories evoking.  
And moving with the softly padded patting  
Of my Dinah's paws  
*Upon the grass and over the garden wall.*
