ENLIGHTENMENT by Tara

THE REAL

There is no one who lives.
There is no one to die.
No private self to awaken.
No world and no world mind.

There is no one to protect.
There is no one to help or save.
Bodhisattvas: illusion in illusion.
A tale writ on a book of blank page.

So who and what awakens?
What of life survives?
Who becomes immortal?
And what is true and 'Real'?

Atma . . . I am . . . of Beingness only.
In Infinite possibility . . .
Pure potentiality . . .
Wherein it dwells.

That . . . is The Real . . . and Immortal.
And he who discovers That . . .
Becomes That . . .
And ever in it dwells.
