AFTER ENLIGHTENMENT, WHAT?

by Tara

ON LIFE

What did I do right?
Where did I go wrong?
I must know these things
Else how to pass it on?

Each being's learning
Is unique unto him
A stellar pulse to follow
Unerring to an unseen end.

Every choice is perfect
Has its own secret goal.
In a multi-dimensional universe
Where learning is the only rule.

In a multi-dimensional Being
Each unit's but a part
Its knowledge added to the Whole
It need only learn its part.

Now moving into maturity finds
'Its' not the ultimate end!
Its superficial happiness
Does not fulfillment bring.

So, the simple unit
Long last looks beyond itself
Its choices *naturally* more inclusive
As befits a 'greater self'.

In an ever unfolding universe
Of being without end
Where 'All There Is' is 'all of us'
Each experience is the thing!

A thought of the day in passing . . .

We are sovereign souls given free will.

Live and let Live

To have demands and expectations, to covet from another, is a sin against nature that borders on evil. What is true regarding the individual is magnified applied to groups.
